Our logo

The Ideal logo “Swirl”  is indicative of the new world of fashion we live in, an ever changing and fast passed life. The world of textiles demands fashionable trims, at market related prices in a variety of colour’s with deliveries to meet customer needs.

Quality

Total quality control from the start of raw materials procurement to the end delivery of our products play a vital role at **Ideal Fastener**. All items produced are inspected for correct size, colour, shape, thickness, texture and durability before leaving our premises.

Integrity

We at Ideal Fastener see Integrity as a range of one’s value systems comprising of honesty, truthfulness, consistent actions & principles. The word Integrity stems from the adjective integer meaning whole and complete which we all at **Ideal Fastener** live our lives by.

Relationship

Supplier and customer relationships are the corner stone to our success. Long term appreciation and partnership add value to our relationships which extends to long term mutual business success.

Service

Customer service is a series of activities designed to enhance the level of customer satisfaction – we at **Ideal Fastener** strive to ensure that we meet our customers satisfaction by going the extra mile. Prompt and reliable service is our insignia.

Price

Our prices at **Ideal Fastener** are always in line with the world market and ensure that our quality is never compromised over price. Please feel free to always discuss your price points with our dynamic sales team who will endeavour to always find one of our products to meet your target price.
